

March 24, 1976

PRESIDENT: LB 464.

CLERK: Read LB464.

SENATOR DE CAMP: Mr. President, before he reads the rule may I find out if the rule suspension or an attempt at it would be necessary? Are there a pile of amendments there?

CLERK: Mr. President, Senator Chambers has offered numerous amendments. Fourteen of them are printed in the Journal. Senator DeCamp has an amendment which follows and Senator Chambers has a motion to indefinitely postpone on the bill in addition to the committee amendments.

SENATOR DE CAMP: It might expedite things if Senator Chambers would make known his intentions at this time.

PRESIDENT: I beg your pardon Senator DeCamp.

SENATOR DeCAMP: I say it might expedite things if I knew what Senator Chamber's intentions were. Then I might or might not have to ask for a suspension of the rules.

PRESIDENT: Well you've asked for it.

SENATOR DeCAMP: No, I'm not asking for it at this time. I'll wait.

PRESIDENT: You're withdrawing it then?

SENATOR DeCAMP: Withdrawing it at this particular moment in time.

PRESIDENT: Alright then....

SENATOR DeCAMP: Does Senator Chambers want to take up all his amendments?

CLERK: There are Committee amendments, Mr. President.

SENATOR DeCAMP: No, we've gone through all that.

PRESIDENT: Have they been adopted?

SENATOR DeCAMP: They were rejected. Other amendments were adopted.

CLERK: The bill was read on the 20th and laid over till the 23rd. The Committee amendments, Mr. President, have ... were not adopted on the 23rd of February.

SENATOR DeCAMP: Other amendments were adopted.

PRESIDENT: But we do have a series of amendments?

CLERK: Yes, Mr. President.

PRESIDENT: Alright. Senator Chambers, for what purpose do you arise?
